Application tips:

- Use fine-tipped tweezers to separate the Stickers.
- Use hot air gun or hair dryer to apply to Stickers that bend or have to adapt to a curve.
- In case of bubbles use hot air.
- Some Stickers require separating pieces for a better fit.

Consejos de colocación:

- Utilizar pinzas de punta fina para la separación de los Stickers.
- Utilizar pistola de aire caliente o Secador de pelo para aplicar a los Stickers que se doblan o que se tienen que adaptar a una curva.
- En caso de burbujas utilizar aire caliente.
- Algunos Stickers requieren separar piezas para un mejor encaje.
